Student Arrangements: Lynn Lundquist, Manager of Compliance and Student Services, responded that the last date of instruction was June 24, 2016. Not all students completed their programs prior to the campus closure. All students met with academic officials and were provided a pathway to graduation at their nearest campus and in some cases, through online offerings. Lakeville is located less than 14 miles from the fully operational branch campus in Richfield, MN and 29 miles from the fully operational branch campus in Woodbury, MN. MSB also had over 95% of students register to continue attendance Summer Quarter 2016 at a nearby Globe University/Minnesota School of Business location or through online when available.

All student records are maintained on a common student records management system, Campus Nexus and managed by academic personnel at our corporate offices. A centrally employed registrar manages student records and will be responsible for storing and providing access to academic and/or financial aid transcripts. In the event of a closure of the main campus, Globe University has surety bonds with both the Minnesota Office of Higher Education and the Wisconsin Education Approval Board for continued student record maintenance.

School has a \$10,000 performance bond.

Notes: The School contracts with third party servicer FAME (6451 N Federal Hwy # 501, Fort Lauderdale, FL 33308), to collect and store electronic admissions, academic, and financial aid records for students in an off-site server. Hard copies of student files were transferred to the Main Campus at 200 E.

The school did maintain a \$10,000 bond to cover recovery of student tuition cost, however the use of the bond was not needed since each student was able to transfer to another branch of the campus without interruption in their studies.

Student Arrangements: : All students enrolled in this program transferred to the main campus at 200 E. Washington Avenue in North Little Rock, Arkansas or branch campus located at 9100 Rodney Parham Ste. 101 in Little Rock, Arkansas prior to the date of closure. Both campuses are located within 10 miles of the branch that was closed at 8521 Geyer Springs Road. There was no break in instruction for these students.

Accrediting Agency: SACSCC	FDSL: N/A	

Record Holder: School

Address: Main Campus
Sam Houston State Univ.
1806 Avenue J
Huntsville, TX 77340

Closure Date: 12/20/2015

Notes: Yes, 50% or more of the Counseling MED and the Special Education MA/MED programs were previously offered at the University Park location. However, both degrees were discontinued or program offerings decreased to less than 50% at the University Park location prior to the site closure. At the time of the University Park site closure there were no program offerings for which 50% or more of the degree program could be obtained at the site.

The closure of the University Park off-site location did not necessitate the school to pay into a tuition recovery fund, purchase a private insurance policy, or have a bond. Students were accommodated through other SHSU locations.

Student Arrangements: No, because less than 50% of these programs were offered at the University Park location, students were not able to complete their degrees at this location. For those upper-level Interdisciplinary Studies courses that were previously taught at University Park, students were given the option to take the courses at a nearby location at either SHSU's Woodlands Center or Tomball ISD or on SHSU's main, Huntsville campus. At the time of the location closure, SHSU administrators met with students enrolled at the University Park location to announce the closure and to advise and provide students options that best met each of their needs.
